

Sponsor-a-Trail Request

For the past 33 years supporters of the DATA Trail system have had the opportunity to be a Trail Sponsor and have their name or business name on 2 signs erected along the DATA trail during the winter snowmobile season. This program came about because of the need to raise matching dollars to supplement the reimbursement funding which comes from the state and is used to pay about \$1 out of every \$3 of the expense incurred by DATA in the building, maintaining and grooming of our 370 mile snowmobile trail system. Each sponsored mile represents a \$100 contribution to DATA's annual fundraising effort to pay for our 1/3 share of the operating cost of maintaining and grooming our snowmobile trails.

We continue to stress the importance of snowmobile registrations and memberships, but in addition, if you and/or your friends ride and enjoy the trails and would like to help out, fill out the form below and become a 2024 Trail Sponsor. Your contribution would go toward the grooming fund.
